

JACKSON SQUIRREL RIFLE - 22LR

The idea originated from a squirrel hunt I was on with my friend, Clifton Jackson, down in the White River area of Arkansas (just across the river from Mississippi). Yes, the rifle is named after Clifton ("Pete") Jackson. Our quest became the design of the world's finest squirrel hunting rifle ever made...the "Ferrari of all squirrel rifles".

#242-00205 Our Price \$1775

(Includes Bases)

Serial #11510

Model 57
