

Victory Diavari

With a wide model range that covers every hunting style and situation, Victory Diavari riflescopes offer the highest possible level of accuracy and clarity. All Victory Diavari riflescopes feature brilliant optical performance, elegant ergonomic design, LotuTec® lens coating, ZEISS T* multi-coating, and are available with either standard reticles or illuminated reticles for outstanding performance in twilight and low light conditions. Models with an objective size of 50 mm or larger offer a choice between the reticle in the first or second image plane.

1.5-6x42 VICTORY DIAVARI
